

How to Add a Concern/Issue to the Southeast Quality of Life Plan

START

You or your organization/business has a concern, issue, or project.

You inform the Congress secretary two weeks before the Congress.

You present your concern, issue, or project to the Congress.

Your concern gets 75% or more support from individuals at the Congress and is approved to move forward.

then

A task force studies the concern or issue and makes recommendations.*

- * Recommendations/Projects need to include:
1. A Lead Partner for the project
 2. A specific action to be taken

OR

Your concern or issue doesn't get the 75% support necessary to be sent to a task force.

Go back to START

OR

Your project did not get the 75% support necessary for it to become a part of the Quality of Life Plan.

Go back to START

&

The task force presents their recommendations at a following Congress.

The recommendations/project is voted on and approved by the required 75% of the individuals at the Congress and the action/project is added to the Quality of Life Plan.

This path is only for organized/planned projects that have consulted neighborhoods before presenting at the Congress.*
